Background

Hi there, I'm Ashish Kumar Singh

I love Programming the way I love cricket being a citizen of diehard cricket loving nation

I believe that being technically sound one can solve the worlds most challenging problems in an efficient

Learning and implementing new algorithms and doing projects is what inspired me to continue my dedication towards computer science & engineering

To list some of my top qualities and what i have accomplished through those qualities:

- · Award winning Programmer and Honorable Mention web developer
- · Led 2 large scale web application development project through all phases of software development life cycle
- · Exceptional coding skills with hands-on experience using object oriented design
- · Comprehensive communication skill: awarded 4 times for presentational skills.
- Mentor in #TeachTheWeb Mozilla initiative and host seminar on competitive programming and web development
- Led 2 large scale software development project through all phases of software development life cycle;
- •Mentored and taught 65 university students problem solving with Data Structure and Algorithm design in Java/C++
- ·Selected under top 144 students among 2969 students for national mission on education project organized by information and communication technology

July 2015 - October 2015 (4 months) | Bangalore, India

Technology Stack include Python, Python Flask Framework, Redis DB, MongoDB, Postgres DB, CanJs javascript framefork, Jinja, Mustache templating engine.

Software Engineering Intern

Indian Institute of Technology, Bombay May 2014 - July 2014 (3 months) | Mumbai, India

- ·Led successful Relational Data Modeling of database design and ensure faster development meeting deadlines for large complex central storage system for digital assets
- •crafted coding standards and technical design documentation for easy integration, source control management and clean maintainable code
- •Implemented Role based access control using AES-256 encryption algorithm for protecting assets from unauthorized modification
- ·Maximized productivity by proactively communicating new software features, issues and problems with technical team members and mentor
- •Implemented intelligent search engine in php and Ajax using Zend search lucene and optimized the running time by 20% using internal indexing.
- •Wrote 110+ page technical design document for the system to ensure the Software requirement specification is met completely
- •Presented and Demonstrated the project in front of Ministry of Human Resource Development executives striking a balance between technical and non-technical audience
- ▶ 2 projects

NIT Nagaland - Welcomes you!

Kendriya Vidyalaya Rangapahar

Higher Secondary certificate (HSC), Science 1999 – 2011

Activities and Societies: School Captain, Led Silchar Region in Under-16 & under-19 National level Cricket Tournament, Led School Cricket Team in U-19 Inter School Cricket Championship and won Gold Medal, In-charge of School Maintenance team, Class Representative, CCA Coordinator.

Welcome to Kendriya Vidyalaya Rangapahar

Programmer Award by ISTE

Indian Society for Technical Education

November 2011

Awarded 1st position for problem solving in C++ and data Structure and Technical Quiz arena among 300 participants.

Dean List Student

National Institute of Technology, Nagaland

August 2013

Ranked under top 2 in university toppers ranking.

Courses

National Institute of Technology Nagaland

- · Algorithms and Data Structure (CS402)
- Programming Paradigm(C++ & Java) (CS301)
- Compiler Designing (CS605)

Q Advanced

- Microprocessor and microcontroller (CS401)
- Automata Theory of computation (CS501)
- Networks Fundamental (CS504)

Alok Ranjan

PhD Student at A*STAR - Agency for Science, Technology and Research

Ashish Kumar Singh is a meritorious and has ability to solve technical issues related to his field. I recommend him for working in any organization and laboratory across the globe.

September 3, 2014, Alok managed Ashish Kumar indirectly at Indian Institute of Technology, Bombay

Santosh Shingare

Open source Web Conferencing tool (WebRTC/Red5/FMS)

Conscientiousness is the word that comes to mind when I think about Santosh sir. I've had the pleasure of knowing him for 2 months, during which he mentored some of the software engineering interns at Indian Institute of Technology, Bombay. His ability to guide as a coach & friend is something which impressed me more than his other elephantine qualities. And, of course... more

August 20, 2014, Ashish Kumar worked with Santosh at Indian Institute of Technology, Bombay
